# Our Core Values

## **Partnership:**

We believe in the power of collective action and know that nothing worth doing can be done alone. We succeed and fail working as a team. We are committed to promoting collaboration, sharing, equity, and inclusion to ensure that we all have the resources, information and opportunity to be successful.

## **Learning:**

We learn from each other, our mistakes, and our shared experiences. We take responsibility for finding answers to the things that we do not know. We encourage innovation, flexibility and accept risk to promote personal, professional, and organizational growth.

## **Execution:**

We believe that “doing” is what matters, and accept that sometimes we will fail. We are committed to continuous improvement and focus on solutions. We hold ourselves, and each other, accountable for the results that we achieve, and strive to do the right thing, at the right time, for the right reason.

# Brand Fonts

Fonts are the backbone of design. We use practical and easy-to-read fonts. These fonts are used on our website, print pieces and other materials:

## Printed Pieces

### **Bookman: Headers**

We use this font sparingly for main headlines. We bold the headlines.

Body Copy : Open Sans

*If you don't have access to Open Sans on your computer, Calibri works, too.*
